

APAC Senior Director – Enterprise Automation

Sydney or Singapore

- Highly Experienced Automation Consulting Director Practice Lead
- High Visibility Customer and Industry Exposure
- Generous Commensurate Package + Excellent Earnings Potential >\$450K+

Our client is looking for an Automation Lead who knows their stuff!

Is this you? Can you prove it?

On behalf of one of our clients, a long-time industry solution and services giant, we are seeking an Automation Director for their APAC operation, based in either Sydney or Singapore.

Managing a team of high performing automation engineers and solution specialists, you shall use your considerable consulting background and your 8+ years Automation experience to drive best in class automation implementations for existing and new customers. You shall have a proven ability to be a standout in client facing discussions and be decisive and respectful in understanding the client requirements and showing off your skills in defining business driven implementation capability while assisting in driving new opportunities to successful closure.

The successful individual would have a broad repertoire of skills, knowledge and attributes including:

- 15+ years consulting skills and 8+ years Automation experience
- Strong technical exposure and understanding of Automation technologies and the modern enterprise
- Solid knowledge of enterprise software architecture and technologies
- Product Pre or Post sales experience
- Possess the intelligence and aptitude to position the benefits of automation within the enterprise
- Organized and self-motivated while working independently and with team to set and achieve goals
- Experience with managing, mentoring, building and effectively utilising a multi country high calibre team
- High energy with Excellent communications skills
- Not scared to speak publicly and passionately about the solution
- Show me more....
