Data Analyst Lead – Data Refresh Project

Sydney, Australia

➢ Experienced & Focused Data Analyst in Enterprise Data Foundation
➢ High Visibility Project & Direct Customer Exposure
➢ Generous Package + Earnings Potential >$150K+

Our client is looking for a Data Analyst Lead who knows their stuff!

Is this you? Can you prove it?

On behalf of a new client, a well-known services giant, we are seeking an experienced Data Analyst Lead for a large enterprise based project located in the Sydney CBD.

You will be Team Lead for six (6) high performing data specialists, tasked with a refresh and validation of existing, and recommending new elements of their foundation enterprise data environments. You shall have a proven ability to be a standout in client facing discussions and be decisive and respectful in understanding the existing environment, while showing off your skills in analysing, defining and articulating new business data driven capabilities.

The successful individual would have a broad repertoire of skills, knowledge and attributes including:

➢ 10+ years consulting skills and Data Analyst experience
➢ Strong technical exposure and understanding of Data in the Modern Enterprise
➢ Solid knowledge of enterprise software architecture and technologies
➢ Possess the intelligence and aptitude to position the benefits of data usage within the enterprise
➢ Organized and self-motivated while working independently and with team to set and achieve goals
➢ Experience with managing, mentoring, building and effectively utilising a high calibre team
➢ High energy with Excellent communications skills
➢ Not scared to speak publicly and passionately about data
➢ Show me more….
