Data Transformation Lead – Hybrid Data Project

Sydney, Australia

- ➢ Highly Experienced Enterprise Data Professional level required for a Top 50 ASX listed company
- ➢ CxO and Board level Visibility Project – Sydney CBD
- ➢ Generous Package + Earnings Potential >$350K+

Our client is looking for one of Australia's best Data Leaders!

Is this you? Can you prove it?

You will be Transformation Lead for a large and growing team of high performing data function specialists, tasked with a refresh and validation of existing, and recommending new elements of their foundation enterprise data environments. You shall have a proven ability to be a standout in data discussions and be decisive and respectful in understanding the existing environment, while demonstrating your skills in analysing, defining and articulating new business-data driven capabilities.

The successful individual would have a broad repertoire of skills, knowledge and attributes including:

- ➢ 20+ years consulting skills and Data Leadership experience
- ➢ Strong technical exposure and understanding of Data in the Modern Enterprise
- ➢ Solid knowledge of enterprise software architecture and technologies
- ➢ Possess the intelligence and aptitude to position the benefits of data usage within the enterprise
- ➢ Organised and self-motivated while working independently and with your large team to set and achieve goals
- ➢ Experience with managing, mentoring, building and effectively utilising a high calibre team
- ➢ High energy with excellent communications skills
- ➢ Not scared to speak publicly and passionately about data
- ➢ Show me more….
